

*Kazan State University of Architecture and Engineering
International Relations Office*

04/02/2020, Kazan

Dear Sirs,

Expanding further the boundaries of transnational higher education we are delighted to invite you, on behalf of Kazan State University of Architecture and Engineering (KSUAE) (<http://ksuae.kgasu.ru>), to collaborate with us in the student recruitment to our unique UK & Russian dual BSc degree programmes in **Architecture (5 years) and Civil Engineering (4 years) taught in English.** (<https://uel.kgasu.ru>).

These programmes have been delivered at our modern university campus in the city of Kazan, Russia (<http://tatarstan.ru/eng/about/welcome.htm>), in collaboration with the University of East London (UEL, UK) (<https://www.uel.ac.uk>) since 2012. So far we have had five cohorts of students who successfully graduated from our programmes and have been awarded the UK and Russian dual degrees. We are proud to let you know that our graduates enjoy high rate of employability as they either progress at master level, or launch their careers as architects and civil engineers within 6 months of their graduation.

The programme also provides annual 2-weeks International Summer Schools for our students at the University of East London (at separate fee).

Such a unique opportunity to get 2 BSc degrees at once could be a good education option for young people from all over the world!

This is the first time we would like to provide access to these programmes to international students. We aim at having a diverse international student population, who would take advantage of truly global education. In this context we are looking for partners (institutions, language schools, agents) who would be interested to work with us and promote our programmes.

In order to be included in the KSUAE official list of approved international student recruitment partners and agents, please inform us about your interest no later than 15 May, 2020. This should include a brief introduction of your organisation, your views and ideas of promotion and student recruitment initiatives. Please also include your expectations for remuneration and rewards for your service. Please find attached our Draft of the Service Agreement.

The approved partners and agents will be provided with the relevant information in order to offer accurate support and advice to prospective students in your countries.

Please find attached the Partners leaflet, detailed Application Process and Form for students and do visit our website <https://uel.kgasu.ru>.

We will be very grateful if you could kindly also disseminate the information about such a unique opportunity among colleges and schools of your country.

Should you have any queries please do not hesitate to contact me in person.

Best regards,

Olga Poroshenko
Head of International Relations
Kazan State University of Architecture and Engineering
